The Last Leopard-David Gilmour 2007 David Gilmour’s biography of Giuseppe di Lampedusa unearths the life story of the creator of The Leopard, one of the great novels of the twentieth century. A book whose imagery, once tasted, haunts the reader forever, The Leopard describes the golden era of nineteenth-century Sicily: its sensual, fading, aristocratic glory and its corruption, brutality, and inequality lurking beneath the surface. Who wrote this masterpiece, this work of art? The answer is as unlikely as one might hope. A fascinating meditation on what it is that makes a writer.

Lampedusa-Steven Price 2019-09-17 Like Colm Tóibín’s The Master or Michael Cunningham’s The Hours, a novel about art and writing in the life of one of the greats Set in a sun-drenched Sicily, among the decadent Italian aristocracy of the late 1950s, Steven Price’s Lampedusa explores the final years of Giuseppe Tomasi, the last prince of Lampedusa, as he struggles to complete his only novel, The Leopard. In 1955, Tomasi was diagnosed with advanced emphysema; shortly after, he began work on a novel that would fail to be published before his death four years later. When The Leopard at last appeared, it won Italy’s Strega Prize and became the greatest Italian novel of the century. The Leopard-Giuseppe Tomasi Di Lampedusa 2010-09-07 The Leopard is a modern classic which tells the spellbinding story of a decadent, dying Sicilian aristocracy threatened by the approaching forces of democracy and revolution. In the spring of 1860, Fabrizio, the charismatic Prince of Salina, still rules over thousands of acres and hundreds of people, including his own numerous family, in mingled splendour and squalor. Then comes Garibaldi’s landing in Sicily and the Prince must decide whether to resist the forces of change or come to terms with them. Every once in a while, like certain golden moments of happiness, infinitely memorable, one stumbles on a book or a writer, and the impact is like an indelible mark. Lampedusa’s The Leopard, his only novel, and a masterpiece, is such a work Independent INCLUDES RECENTLY DISCOVERED NEW MATERIAL

The Flavors of Modernity-Gian-Paolo Biasin 2017-03-14 From Rabelais’s celebration of wine to Proust’s madeleine and Virginia Woolf’s boeuf en daube in To the Lighthouse, food has figured prominently in world literature. But perhaps nowhere has it played such a vital role as in the Italian novel. In a book flowing with descriptions of recipes, ingredients, fragrances, country gardens, kitchens, dinner etiquette, and even hunger, Gian-Paolo Biasin examines food images in the modern Italian novel so as to unravel their function and meaning. As a sign for cultural values and social and economic relationships, food becomes a key to appreciating the textual richness of works such as Lampedusa’s The Leopard, Mann’s The Betrothed, Primo Levi’s Survival in Auschwitz, and Calvino’s Under the Jaguar Sun. The importance of the culinary sign in fiction, argues Biasin, is that it embodies the oral relationship between food and language while creating a sense of materiality. Food contributes powerfully to the reality of a text by making a fictional setting seem credible and coherent: a Lombard peasant eats polenta in The Betrothed, whereas a Sicilian prince offers a monumental macaroni timbale at a dinner in The Leopard. Similarly, Biasin shows how food is used by writers to connote the psychological traits of a character, to construct a story by making the protagonists meet during a meal, and even to call attention to the fictionality of the story with a metanarrative description. Drawing from anthropology, psychoanalysis, sociology, science, and philosophy, the author gives special attention to the metaphorical and symbolic meanings of food. Throughout he blends material culture with observations on themes and narrativity to enlighten the reader who enjoys the pleasures of the text as much as those of the palate. Sicily-John Julius Norwich 2015-07-21 Critically acclaimed author John Julius Norwich weaves the turbulent story of Sicily into a spellbinding narrative that places the island at the crossroads of world history. “Sicily,” said Goethe, “is the key to everything.” It is the largest island in the Mediterranean, the stepping-stone between Europe and Africa, the link between the Latin West and the Greek East. Sicily’s strategic location has tempted Roman emperors, French princes, and Spanish kings. The subsequent struggles to conquer and keep it have played crucial roles in the rise and fall of the world’s most powerful dynasties. Yet Sicily has often been little more than a footnote in books about other empires. John Julius Norwich’s engrossing narrative is the first to knit together all of the colorful strands of Sicilian history into a single comprehensive study. Here is a vivid, erudite, page-turning chronicle of an island and the remarkable kings, queens, and tyrants who fought to rule it. From its beginnings as a Greek city-state to its emergence as a multicultural trading hub during the Crusades, from the rebellion against Italian unification to the rise of the Mafia, the story of Sicily is rich with extraordinary moments and dramatic characters. Writing with his customary deftness and humor, Norwich outlines the surprising
two years of his life, the Sicilian aristocrat Giuseppe Tomasi di Lampedusa wrote not only the internationally celebrated novel The Leopard but also three shorter pieces of fiction, brought together here in a new translation. “The Professor and the Siren,” like The Leopard, meditates on the past and the passage of time, and also on the relationship between erotic love and learning. Professor La Ciura is one of the world’s most distinguished Hellenists; his knowledge, however, came at the cost of a loss that has haunted him for his entire life. This Lampedusa’s final masterpiece, is accompanied here by the parable “Joy and the Law” and “The Blind Kittens,” a story originally conceived as the first chapter of a followup to The Leopard.

Giuseppe Tomasi di Lampedusa-Gioacchino Lanza Tomasi 2018-01-01 Perhaps in no other novel of the twentieth century has the sense of time and place had such a central role and profound significance as in Giuseppe Tomasi di Lampedusa’s masterpiece, the Leopard - a work which captures Sicilian traditional society in a period of transition when faced with modernity and political upheaval Written by Lampedusa's adopted son, Gioacchino Lanza Tomasi, this new illustrated biography - which includes a wealth of unpublished pictures from Lampedusa's private albums and documents from his family archive, as well as a foreword by Lampedusa biographer David Gilmour - explores all the people and places that were dear to the great Sicilian master and are essential for a fuller understanding of his work.

The Professor and the Siren-Giuseppe Tomasi Di Lampedusa 2014-06-17 An NYRB Classics Original In the last two years of his life, the Sicilian aristocrat Giuseppe Tomasi di Lampedusa wrote not only the internationally celebrated novel The Leopard but also three shorter pieces of fiction, brought together here in a new translation. “The Professor and the Siren,” like The Leopard, meditates on the past and the passage of time, and also on the relationship between erotic love and learning. Childhood Memories and Other Stories-Giuseppe Tomasi Di Lampedusa 2015-01-15 Giuseppe Tomasi di Lampedusa, the author of one of the most poignant and enduringly popular novels of the twentieth century, left only a few other pieces of fiction when he died prematurely at the age of sixty. Childhood Memories and Other Stories, here presented in a new translation by Stephen Parkin and including previously deleted passages and the unpublished fragment ‘Torretta’, collects all of Lampedusa’s extant shorter fiction and provides a revealing glimpse into the writer’s workshop and the background to the composition of his masterpiece. From the atmospheric recollections of the Palazzo Lampedusa and the Palazzo Filangeri Cuts at the turn of the twentieth century in ‘Childhood Memories’ to the delightful fable ‘The Siren’, from the gently humorous, bittersweet tones of ‘Joy and the Law’ to ‘The Blind Kittens’ – the first chapter of what was intended to be a sequel to The Leopard – this volume showcases Lampedusa’s unparalleled observational powers and narrative skills.

Risorgimento in Modern Italian Culture-Norma Bouchard 2005 The renewed attention to the origin and shape of national discourses has promoted many excellent studies devoted to examining the rich storehouse of cultural responses produced during and after Risorgimento, the political events that, from 1859 to 1870, led Italy from being a fragmented peninsula to an independent and unified nation-state. However, the assessment of Risorgimento and its myths from the post-World War II era to the present remains, for the most part, unexplored. While it is undeniable that the dramatic economic, social, and political transformations that have characterized Italy from the second half of the twentieth century to the present have altered the role and function of national narratives, it remains equally true that interest in the Risorgimento in modern Italian culture has diminished.

Modernity and Its Discontents-Steven B. Smith 2016-08-09 Steven B. Smith examines the concept of modernity, not as the end product of historical developments but as a state of mind. He explores modernism as a source of both pride and anxiety, suggesting that its most distinctive characteristics are the self-criticisms and doubts that accompany social and political progress. Providing profiles of the modern project’s most powerful defenders and critics—from Machiavelli and Spinoza to Saul Bellow and Isaiah Berlin—this provocative work of philosophy and political science offers a novel perspective on what it means to be modern and why discontent and sometimes radical rejection are its inevitable by-products.

The Ugly Renaissance-Alexander Lee 2015-10-27 A survey of the darker cultural elements that shaped the works of Renaissance-era master artists reveals the power politics, bigotry and corruption that overshadowed posthumously in 1958, was one of the most important works of fiction to appear in the Italian language in the twentieth century. Between 1925 and 1930, its author, Giuseppe Tomasi di Lampedusa, wrote a number of letters to his cousins Casimiro and Lucio Piccolo in which he describes his travels around Europe (London, Paris, Zurich, Berlin). The letters, here published in English for the first time, display much of Lampedusa's distinctive style present in his later work: not only the razor-sharp introspection, but also a wicked sense of humour, playful in its description of the comédie humaine.
Social Mobility in Medieval Italy (1100-1500)-AA. VV. 2021-07-27T12:00:00+02:00 This volume aims to investigate the complex theme of social mobility in medieval Italy both by comparing Italian research to contemporary international studies in various European contexts, and by analysing a broad range of themes and specific case studies. Medieval social mobility as a European phenomenon, in fact, still awaits a systematic analysis, and has seldom been investigated in its own principia in social, political and economic history. The essays in the book deal with a number of crucial problems: how is social mobility investigated in European and Mediterranean contexts? How did classic mobility channels such as the Church, officialdom, trade, the law, the lordship or diplomacy contribute to shaping the many variables at play in late medieval societies, and to changing – and challenging – inequality? How did movements and changes in social spaces become visible, and what were their markers? What were the dynamics at the heart of the processes of social mobility in the many territorial contexts of the Italian peninsula?

Europe-Norman Davies 1996 From the Ice Age to the Cold War and beyond, from Reykjavik to Riga, from Archimedes to Einstein, Alexander to Yeltsin, here between the covers of a single volume Norman Davies tells the story of Europe, East and West, from prehistory to the present day. The book’s absorbing narrative lays down the chronological and geographical grid on which the dramas of European history have been played out. It zooms in from the distant focus of Chapter One, which explores the first five million years of the continent’s evolution, to the close focus of the last two chapters, which cover the twentieth century at roughly one page per year. In between, the fascinating and sweeping canvas packed with a huge sweeping panorama, analysis, and anecdote. Alongside Europe’s better-known stories—human, national, and continental—he brings into focus areas often ignored or misunderstood, remembering the stateless nations as well as the nation-state. Minority communities, from heretics and lepers to Jews, Romans, and Muslims have not been forgotten. This masterly history reveals not only the rich variety of Europe’s past but also the many and rewarding prisms through which it can be viewed. Each chapter contains a selection of telephoto ‘capsules’, illustrating narrower themes and topics that cut across the chronological flow. Davies then concludes with a wide-angle ‘snapshot’ of the whole continent as seen from one particular vantage point. The overall effect is stunning: a kind of historical picture album, with panoramic tableaux interspersed by detailed insets and close-ups. Never before has such an ambitious history of Europe been attempted. In range and ambition, the originality of its structure and glittering style, Norman Davies’s Europe represents one of the most important and illuminating history books to be published by Oxford. Time Capsule 201 fascinating articles interspersed throughout the narrative focus on incidents or topics as various as The Iceman of the Alps, Erotic Graffiti at Pompeii, Stradivarius, and Psychoanalysing Hitler. Each capsule can be tasted as a separate self-contained morsel; or can be read in conjunction with the narrative into which it is inserted. Snapshots 12 panoramic overviews across the changing map of Europe freeze the frames of the chronological narrative at moments of symbolic important, such as Kossos 1628 BC, Constantinople AD 330, and Nuremberg 1945. A fully illustrated history Incorporates over 100 superbly detailed maps and diagrams, and 32 pages of black and white plates.

Shifting Paradigms in International Investment Law-Steffen Hindelang 2016-01-21 International investment law is in transition. Whereas the prevailing mindset has always been the protection of the economic interests of individual investors, new developments in international investment law have brought about a paradigm shift. There is now more than ever before an interest in a more inclusive, transparent, and public regime. Shifting Paradigms in International Investment Law addresses these changes against the background of the UNCTAD framework to reform investment treaties. The book analyses how the investment treaty regime has changed and how it ought to be changing to reconcile private property interests and the state’s duty to regulate in the public interest. In doing so, the volume tracks attempts in international investment law to recalibrate itself towards a more balanced, less isolated, and increasingly diversified regime. The individual chapters of this edited volume address the contents of investment agreements, the system of dispute settlement, the interrelation of investment agreements with other areas of public international law, constitutional questions, and new regional perspectives from Europe, South Africa, the Pacific Rim Region, and Latin America. Together they provide an invaluable resource for scholars, practitioners, and policymakers. Nurse-Led Savings-Paula Agosto 2019-07-22 The quest for cost savings in hospitals and health systems too often produces the largest hits from the largest cuts, while oftentimes the smallest cuts can make the biggest difference. Nurse-Led Savings shows, though, that cutting labor expenses, especially in nursing, negatively impacts both quality of care and overall profitability. Faced with cutting costs while continuing to provide extraordinary patient care, nurses at Children’s Hospital of Philadelphia (CHOP) decided to pave a different path. In the process, they created a new model of bedside-driven fiscal responsibility. Nursing-Led Savings shows organizational leaders at all levels how to develop and implement a robust, sustainable plan that eliminates waste and streamlines processes in everyday clinical settings. Nurse-Led Savings starts by investigating the nature of costs in health care. Using a structured improvement approach to execute cost savings at the bedside · Engaging Nursing Shared Governance councils in implementation and oversight · Prioritizing non-labor expense reduction

Bound by Distance-Paquale Verdicchio 1997 Bound by Distance takes its place among a growing body of scholarship the goal of which is to challenge the kind of thinking that reproduces the “West” as a stable and homogenous political and discursive entity. The Italian nation, with its peculiar process of formation, the continuous tensions between its own northern and southern regions, and its history of emigration, provides an important case for complicating and reassessing concepts of national, racial, economic, and cultural dominance. The author analyzes the interactive space of the history of Italian state formation, Italian subaltern literature, Italian emigrant writing, and the current situation of North African and Asian immigrants to Italy, in order to contest the “feigned homogeneity” of the Italian nation and to complicate and reassess concepts of national, racial, economic, and cultural dominance.
