Photoshop Elements 11: The Missing Manual—Barbara Brundage
2012-09-25 Shows how to use Photoshop Elements 11 to retouch, repair, publish, and add effects to digital photographs and graphics by altering such factors as lighting, composition, and texture, and through editing, cropping, and filtering.

Adobe Photoshop Elements 12 Classroom in a Book—Adobe Systems Incorporated 2013-11-21 Introduces the features of Adobe Photoshop Elements 12, covering such topics as importing, sorting, editing, retouching, and combining photos; working with color; and fixing exposure problems.

The Photoshop Elements 10 Book for Digital Photographers—Matt Kloskowski 2011-12-23 This book breaks new ground by doing something for digital photographers that’s never been done before—it cuts through the bull and shows you exactly “how to do it.” It’s not a bunch of theory; it doesn’t challenge you to come up with your own settings or figure things out on your own. Instead, it does something that virtually no other Elements book has ever done—it tells you flat-out which settings to use, when to use them, and why. If you’re looking for one of those “tell-me-everything-about-the-Unsharp-Mask-filter” books, this isn’t it. You can grab any other Elements book on the shelf, because they all do that. Instead, this book gives you the inside tips and tricks of the trade for organizing, correcting, editing, sharpening, retouching, and printing your photos like a pro. You’ll be absolutely amazed at how easy and effective these techniques are—once you know the secrets. LEARN HOW THE PROS DO IT Each year we train thousands of digital photographers and, almost without exception, they have the same questions and face the same problems—that’s exactly what we cover in this book. You’ll learn: The real secrets of how the pros retouch portraits How to color correct any photo without breaking a sweat (you’ll be amazed at how the pros do it!) How to use Camera Raw for processing not only RAW photos, but JPEGs and TIFFs, too! (And you’ll learn why so many pros like it best—because it’s faster and easier) The sharpening techniques the pros really use (there’s an entire chapter just on this!) How to deal with common digital camera image problems. Our rest easy method of replicating many of those Photoshop features from right within Elements. Plus, since this book is designed for photographers, it doesn’t waste your time talking about how to frame a shot, set your exposure, etc., and there’s no talk about which camera or printer to buy. It’s all Elements, step by step, cover to cover, in the only book of its kind, and you’re gonna love it!
Photoshop Elements 9: The Missing Manual—Barbara Brundage 2010-09-23 Elements 9 offers much of Photoshop's power without the huge price tag.
