Book One - The Mountain’s Shadow She’s a scientist who doesn't believe in werewolves. That won’t help her if they tear out her throat. Joanie Fisher’s career is sabotaged just when she is about to hit the mother lode of all medical discoveries. One step from discovering the origin of a Chronic Lycanthropy Syndrome outbreak and ten steps ahead of other researchers, her hard work was not only paying off, but gaining the wrong kind of attention. She may have been forced to leave her position, but her research follows her to the estate of her missing grandfather. Ensnconced deep in the Ozark

Mountains at Wolfsbane Manor, Joanie's life takes another sharp turn. When a sexy werewolf seeks her help, Joanie finds herself in the middle of the mystery of missing local children and a chilling family curse. When Joanie discovers the truth, it may be too late to stop a devastating epidemic with no cure... Book Two - Long Shadows This time, being true to herself could be a deadly mistake. Lonna Marconi likes to solve problems. The hard kind. A social worker by day, P.I. in her "spare time," she's figured out how to handle her little "werewolf problem." After a dose of wolfsbane, her physical body stays safe in bed while her wolf goes spirit walking. If only she didn't have a mind of her own... Deep in the Appalachians, Lonna learns a family secret that means she's unique, even among werewolves. Now she's pursued by a rogue sorcerer with poisonous intentions, other wizards who'd like to throw her in a gilded prison, and a band of ghostly wolves thirsting for her blood. Worse, there's only one man who can protect her, and even he demands a price: her heart. Even though his own may be forever beyond her reach. Book Three - Blood's Shadow The disease has teeth...but the cure could be deadly. As Investigator for the Lycanthrope Council, Gabriel McCord went above and beyond his official title to keep werewolf kind out of the public eye. Now he has a new challenge as the liaison to the Institute for Lycanthrope Reversal, advocating for humans turned werewolf against their will. The Institute's controversial "treatment" is generally accepted - until one of the project's scientists is found murdered at his desk. The suspect list is long: purists who believe lycanthropism is a non-returnable gift; wolf-borns who want the cure for their own; and the ethereal Selene Rial, an Institute psychologist who's lost her most precious possession to a secret society dedicated to the annihilation of werewolves. If Gabriel fails to solve this case, the fragile peace between wizards and lycanthropes could shatter, and his friends' lives could be ruined. But even if he succeeds, he has to face the consequences of his heart being pulled in a dangerous direction - a woman whose secrets could destroy them both. Bonus novella - A Million Shadows Witches, werewolves, and murder - oh, my! Former model and heartbreaker Kyra Ellison is accustomed to making trouble, not being on the receiving end. When she's kicked out of her family's Ozarks cabin where she's been taking refuge - okay, hiding - after a wicked ancient syndrome wrecked her old life, she's forced to go to Salem, Massachusetts. Yes, that Salem, where a murder, witches with secrets, and handsome billionaire make danger irresistible. Kyra finds she's not the only one with secrets and skeletons in her family closet, but some are more deadly than others. A confrontation with ancient danger and a new foe forces her to choose between the old life she's been craving and the new love that might make everything worth it in the end.
